

2 Private Housing

◆Hiroshima Prefecture Rental Housing Support Program

This program assists low-income earners, disaster victims, the elderly, handicapped, child-rearing households, foreign nationals, and other individuals who are having difficulty in securing housing (hereafter referred to as “people in need of help to secure housing”). The program introduces (people in need of care to secure housing) to a cooperative agent, who can introduce them to privately rented housing available to people in need of help to secure housing, and provides housing support services.

① Eligible applicants

Those who can steadily pay rent for private rental housing and live independent lives in a local community (including those who will be able to live independent lives by receiving housing support)

② Provision of registered information

Division	Content of information
Cooperative agents	Agents who can introduce privately rented housing that is available to people in need of help to secure housing
Support organizations	NPOs, social welfare corporations or other private organizations that provide housing support to people in need of help to secure housing

Registered information can be confirmed on the website.
